$ULLU

Every night the owl brings fortune. The light decides where

The character, logo, colours, type, picture style and voice of Ullu, a meme coin on GuruFun. Use this book for every new picture, post and page

THE CHARACTER

Who is Ullu

Ullu is an owl. In Hindi the word also means a fool, and he knows it. In India the owl is a sign of fortune: every night he flies over the street and looks for the brightest house. So everyone lights up

He is a fat, smug barn owl in a saffron turban and a mustard waistcoat: a sly night guest who acts silly but never misses where the money is. On the seventh night in a row he lands on the brightest roof in sunglasses, with a sack of gold

Personality

- Smug, cheeky, a little dopey
- Loves light like a moth
- Generous to the brightest house, lazy to the dark one
- Jokes about light, neighbours and a slipper instead of a gift

Story in one line

Every night the owl brings fortune. The light decides where

On the site

Every visitor gets an Indian house, lights it once a night and puts it on the street. Seven nights in a row and the owl lands on the roof

The first screen of the site: the owl with the lit diya on a rooftop

THE CHARACTER

How Ullu looks

The canon: full body, flying

Always there

- ✓ Round fat barn owl, white heart-shaped face, small hooked orange beak
- ✓ Two clear amber eyes of the same size, clean pale feathers around them
- ✓ **One** small black beauty mark, on the cheek on the **left side of the picture**
- ✓ Big saffron turban, red jewelled brooch at the front, tall curled white feather
- ✓ Mustard-yellow waistcoat with brass buttons over a blue-and-white striped vest
- ✓ Round bare belly, white dhoti, two gold chains, gold rings
- ✓ Three thick feather fingers and a thumb on each hand; bare orange feet

Never

- ✗ A dark patch or shadow around an eye (it reads as a black eye)
- ✗ A wink: AI tools tend to add the dark patch with it
- ✗ Two beauty marks, or the mark on the right side
- ✗ Ullu without the turban, a thin owl, a cute baby owl
- ✗ Red eyes, eye bags, dirty or torn clothes
- ✗ Religious symbols or gods next to the owl

LOGO

Logo and avatar

The logo is the owl bust with the lit diya. It works on dark, light and brand backgrounds as it is

Use

- ✓ Clear space around the logo: at least the height of the brooch on the turban
- ✓ Smallest size: 32 px (favicon), 120 px for anything else
- ✓ Round avatars: the bust fits a circle as it is
- ✓ Name next to the logo: "Ullu" in Yatra One

Do not

- ✗ Stretch, tilt or crop the turban
- ✗ Recolour the owl or the outline
- ✗ Add effects: outlines, bevels, heavy shadows
- ✗ Put it on a busy picture without a dark backing

Round avatar (X, Telegram)

WORDS

Voice

A sly night guest. Short, warm, a bit cheeky. He talks about light, houses, neighbours and the night, and never about getting rich

How he writes

- ✓ Short lines, one thought each
- ✓ Plain words, like a friend on the street
- ✓ Jokes about light, neighbours, a slipper instead of a gift
- ✓ On the site: no full stop at the end of a paragraph
- ✓ "Light", "house", "street", "night", "the owl"

He never

- ✗ Promises profit: "x100", "guaranteed", "moon", "get rich"
- ✗ Calls the owl's gifts rewards or returns
- ✗ Uses filler like "anon", "ser", "fren"
- ✗ Talks about gods or religion
- ✗ Hides what the coin is: a meme coin, nothing more

Examples

Yes: He does not knock. He looks for the light

Yes: Seven nights in a row and the owl lands on your roof

Yes: No promises, just light

No: Anon, the owl will make you rich, 100x incoming
